Short Description

**UL-1088 – Orgo-Life® Hexagonal Quantum Energy MedBed
Technology® (Pro Corporate & Wellness Series), Himalayan Crystals**

The UL-1088 model of the Orgo-Life® Pro Corporate Series is a hexagonal-shaped vibrating energy tablet, specifically designed for work environments, offices, professional teams, and managers. Based on Orgo-Life Quantum Energy MedBed Technology®, this innovative solution provides consistent and structured energetic support, compliant with the recommendations of Quebec's Act 31 on Energy Well-being.

Description

Full Description:

The UL-1088 model, the hexagonal version of the Orgo-Life® Pro Corporate Series, is designed to act as a primary Energetic PRO vibrating tablet, incorporating PEMF (Pulsed Electromagnetic Field) technology. It can be freely programmed with targeted frequencies via a professional UL-9060 generator, to precisely work specific areas of the body or emotional fields.

It fits perfectly under a standard massage table, ideally positioned at the chest (heart/lungs/major organs), to optimize vibrational penetration into

the energetic body. Recommended for Energy Practitioner, massage, Alternative Practitioner, energy and wellness centers, the UL-1088 becomes a central vibrational anchor point in any treatment room.

Designed for corporate use, it helps harmonize spaces, support employees in their tasks, clarify communications, and raise collective vibration. This compact yet powerful device helps reduce the effects of EMF waves, streamline relationships, and create a stable professional vibrational vortex. Operating Modes:

The Orgo-Life® PRO Corporate Energy & Wellness Series offers several operating modes, inspired by the home version but optimized for professional and industrial environments. The modes are designed to strengthen collective energy, clarify workspaces, and amplify vibrational coherence in businesses.

Soft Mode: Basic activation via the included 12V transformer. It provides stable and continuous energy radiation. Recommended for small areas, closed offices, or reception areas.

Professional Amplified Mode: Activation via the blue wellness amplifiers. For the UL-1088 model, it is recommended to use 5 energy amplifiers (UL-7003) with 3 1000% boosters (UL-8055) with 4 channels to achieve optimal radiation. It also comes with a Rife UL-9060 multi-frequency generator. This mode is designed for open spaces, sales teams, or high-density activity areas.

Professional Energy Mode: Used for targeted energy treatments in business or everyday life (stress management, mental fatigue, work-related emotional blockages). This mode mobilizes the entire crystalline structure and boosts it to full capacity.

Each mode is selected according to the objective: mental stimulation, calming, team cohesion, electromagnetic purification, or general vibrational support. Switching between modes is quick and easy via the included interface cable. _____

Note that; that your Orgo-Life® device is handmade, they all have small mini defects, very small holes, etc... when looked at very closely 5-10 cm (2-4 inches), but at a good distance of 1.5 feet and more, they look perfect. Due to the manual work and the polyester resin product with the Orgo-Life, it is normal to look like this. Orgo-Life is a unique technology that can only be made by hand. It is above all an artisanal product.
