Our Orgo-Life Quantum Equalizer® technology:

It is the science of resonance, of stone vibrating at one level and being encoded in a particular way to emanate resonance information (ideal frequency of 15Hz) with what is nearby. It will work where there is an imbalance. You will begin to resonate with your ORGO-LIFE QUANTUM EQUALIZER TECHNOLOGY® based on your movements and for your life balance energy for any houseplants or pets.

In addition, your tablet will also allow you to transmute the effects of 5G, wi-fi and all waves (EMF, electromagnetic fields toxic to your health) into positive waves:

### **PREMABLE:**

Much has been said about the dangers of ubiquitous 5G radiation to your health and well-being. So we formulated this Orgo-Life 5G & EMF Quantum Equalizer Technology® Tow Harness specifically for maximum radiation protection. Our technology is 80 years ahead of that of Wilhelm Reich who made his discoveries of orgonite in the 1940s...

It is in a way the continuity of its research and development that began at that time. Everyone copies this principle, but may have managed to evolve it to fit the frequencies and electromagnetic fields of the 21st century.

At Orgo-Life each device is meticulously made according to its manufacturing protocol similar to ISO 9001, either verified valid or the procedure and its process have been noted at every step. All of our stones are energetically cleansed in sea salt pools over several days, and then each stone has its axis of polarization noted and identified on the crystals and stones.

With all this we arrive at a high performance device.

1-Avoid freezing it (in winters) and thawing it frequently this will not affect the performance, but the aesthetics might crack on the resin due to the expansion of the metals inside the device.

2-The field (Vortex) that the device will make grows within 1 week, it transmutes the electromagnetic fields, which gives as the effect of neutralization, you will be less invaded by an order up to 80%, it will be very beneficial for you.

3-For your 25-year warranty, for its operation, please refer to the website: Orgo-Life.com and keep your invoice with the model and its serial number.

## **ENERGY AND PROPERTIES BOOST:**

### **Unity will transmute bad energies:**

You can get amazing, dramatic results in terms of rapid growth, natural appearance and taste when you use the Orgo-Life Quantum Equalizer® technology unit and improve plant growth and sprouts (home shoots).

Speaking of such an example, many kinds of sprouts (homemade sprouts) that you grow in water, which is super charged with vital energy, they take less than two days to be edible instead of the usual three days. Orgo-Life Quantum Equalizer® technology helps maximize germination.

In fact, methods for improving plant growth with the addition of Orgo-Life Quantum Equalizer® technology are very old. Plant growth occurs best with the natural energy sources that surround them rather than those compared to normal growth without any form of these energies.

Improving plant growth with Orgo-Life Quantum Equalizer® technology and radionics is easy. You can see the results very soon. These visible results have been tested over and over again using scientific methods.

One of the simplest methods, of course, is the water treatment you use on the plants. It is obvious that plants prefer living water, i.e. water that is overloaded with vital energy, i.e. water generated by the Orgo-Life Quantum Equalizer® technology. . You can achieve even better effects with water that is also programmed for certain desired results such as resistance against specific diseases or pests. Naturally, a week or two of using Life Energy-saturated water on your houseplants can give you the proof you want or think. Another method instead of charging the water with vital energy, you can also think of also charging the fertilizers, even artificial fertilizers, in which case the foods you grow can almost acquire that unmistakable fine organic generating power. Such plants, although not completely corresponding to those grown organically, certainly come close to such strength!

### **Current research on plants and food:**

Quantity:

- Increases production yield.
- Increases plant size.
- Increases the quantity of flowers, fruits or vegetables obtained, all in harmony with the surrounding ecosystem.

Quality:

- Increase in the nutritional value of the food obtained.
- Propels the plant into an optimal environment so that it offers more of the properties specific to each of your plants (for example, carvacrol in the production of oregano is sought after in the culinary and therapeutic arts).

Obtaining an ideal vibratory frequency resulting in a perceptible visual dynamism of the plant. See your flowers and fruits radiate life.

Orgo-Life® Modules generally have positive and beneficial effects on plants and pets. A widely reported effect among people who have been using Orgo-Life® for years; say the units help their plants grow faster and prettier. You can get spectacular results in speed, appearance and natural taste when you use the UL-3619 Orgo-Life® unit with sprouts, plants or pets, to enhance plant growth or to revive your pet's energy.
